# INTRODUCTION

Aqua Pure Technology Water Treatment Company is a dynamic and forward-thinking organization specializing in Mechanical, Chemical, and Electrical engineering solutions. Established in the year 2000, we may be relatively young in terms of existence, but our journey is rich with a wealth of experience gained through years of hands-on applications and a steadfast commitment to excellence.

At Aqua Pure Technology Company, we view engineering not just as a profession but as a passion. We are driven by a deep-seated desire to create innovative solutions that not only meet but exceed the ever-evolving needs of our clients. Our dedication to technological advancement and a relentless pursuit of excellence sets us apart in the engineering landscape.

# OUR COMMITMENT

At Aqua Pure Company, our commitment is Multi-faceted And unwavering

## 1. Excellence

We strive for nothing less than excellence in every project we undertake. Our goal is to set the industry standard for innovation, quality, and efficiency.

## 2. Innovation

Innovation is at the core of our identity. We believe in pushing the boundaries of engineering to deliver creative and groundbreaking solutions.

## 3. Customer Satisfaction

Our clients' satisfaction is our ultimate goal. We go above and beyond to ensure that every project is completed to the highest standards, on time, and within budget.

## 4. Technical Expertise

We have equipped ourselves with the latest machinery, state-of-the-art workshops, and a highly skilled workforce. This commitment to technological advancement ensures that we remain at the forefront of our field.

## 5. Trust & Responsibility

We take immense pride in the trust our customers place in our products and services. We consider it our responsibility to provide high-quality services and assist our customers in solving technical challenges, all in line with our core principles

# OUR CORE VALUES

**Our core values serve as the foundation upon which Sage Engineering Company is built**

## **Integrity**

We conduct our business with the utmost honesty and responsibility, ensuring ethical and transparent interactions with our customers, colleagues, and communities.

## **Safety & Health**

The well-being of individuals within our working environment is paramount. We are dedicated to creating a safe and healthy atmosphere for all.

## **Quality**

Our employees are our greatest assets. We foster a culture of communication, involvement, and

## **People**

We are committed to providing services that not only meet but exceed customer expectations

## **Excellence**

We relentlessly pursue continuous improvements in everything we do, striving to set global standards and bring innovative, creative ideas and services to our clients

## **Profitability**

We are dedicated to earning a return on assets that enables growth and enhances shareholder value

## **Accountability**

We hold ourselves, both individually and as teams, accountable for our actions and results.

## **Management Commitment**

Our management provides clear vision, leadership, and commitment, ensuring resources are allocated to support our goals.

## **Customer Focus**

We are ever mindful, committed, and responsive to customer requirements, aiming to surpass their needs through innovation and creativity

# OUR SERVICES

Aqua Pure Technology Company offersness a comprehensive range of services tailored to meet the diverse needs of our clients

## **1. Preventive Maintenance of Machinery**

We conduct weekly preventive maintenance of machinery in our workshop to ensure optimal performance and minimize downtime.

## **2. Calibration of Machinery**

Our facilities include a spacious 10,000 square feet factory area, providing ample space for manufacturing and production

## **3. Facilities**

Our machinery calibration procedures are performed on a weekly basis in our workshop, maintaining precision and accuracy.

## **4. Expert Team**

Our team comprises 45 dedicated staff members, working both in our office and factory, ensuring the smooth operation of our business

## **5. Documentation and Workstyle**

We maintain proper documentation in compliance with industry standards, ensuring transparency and accountability.

## **6. Microbiology Lab and Quality Control**

We have a complete microbiology lab equipped with water testing facilities, allowing us to maintain rigorous quality control.

## **7. Cleaning, Temperature Control, and Management Systems**

Proper cleaning and good housekeeping practices are upheld in our facilities to ensure a safe and hygienic working environment. We maintain temperature control systems in our office and factory to create optimal working conditions.

## **8. Equipment and Services**

Our comprehensive range of equipment and services includes Reverse Osmosis Systems, Water Softeners, De-Ionize Plants, De-Alkalizes, Sand Filters, Activated Carbon Filters, Iron Removal Filters, and more.

## **9. Industrial Chemicals & Cleaners**

We offer a wide range of industrial chemicals and cleaners, including solutions for Steam & Heating Boilers Systems, Condensate Return Circuits, Cooling Water Systems, Drinking Water Systems, Reverse Osmosis Systems, and more
